Memorandum

TO: Metropolitan Planning Organization Citizens Advisory Committee Representative or Candidates

FROM: Laura Aldrich, Town Clerk

SUBJECT: Information to Help You

A **metropolitan planning organization (MPO)** is a federally mandated and federally funded transportation policy-making organization in the United States that is made up of representatives from local government and governmental transportation authorities. The United States Congress passed the Federal-Aid Highway Act of 1962, which required the formation of an MPO for any urbanized area (UZA) with a population greater than 50,000. Federal funding for transportation projects and programs are channeled through this planning process. Congress created MPOs in order to ensure that existing and future expenditures of governmental funds for transportation projects and programs are based on a continuing, cooperative, and comprehensive ("3-C") planning process.

Statewide and metropolitan transportation planning processes are governed by federal law (23 U.S.C. §§ 134–135). The Florida Department of Transportation is the overseeing authority, <http://www.fdot.gov/planning/Policy/metrosupport/mpohandbook/>. Transparency through public access to participation in the planning process and electronic publication of plans now is required by federal law. As of 2012, there are 342 MPOs in the United States.
