Re: Indian River County Reclaimed Water Rates

Dear Richard:

At the Board of County Commission meeting of January 15, 2013, the Board delayed a scheduled reclaimed water rate increase by one year. The Board adopted Resolution Number 2013-004 amending the previously adopted utilities rate resolution 2010-014. Under the previous rate schedule, the reclaimed rate was scheduled to increase to \$.74 per thousand gallons effective January 1, 2013. By adopting Resolution 2013-004, the rate schedule is amended to maintain the existing reclaimed water rate of \$.67 per thousand gallons through December 31, 2013. Attached is a copy of resolution 2013-004 which includes the current rate schedule.

If you have any questions or I can provide you with any additional information, please let me know.

Sincerely,

Joseph A. Baird
County Administrator
