## ***IMPORTANT NOTICE ABOUT RECYCLING AND TRASH PICK UP***

The current agreement with Republic Services for recycling collection is scheduled to end September 30, 2022. The solid waste agreement with Republic Services is scheduled to end September 30, 2023. The Town has evaluated recycling and solid waste services and the latest trends in the industry. It has become clear that recycling and solid waste companies will no longer offer what is referred to as concierge service, that being side door, back door, in ground collection. The industry standard has shifted to curbside collection.

Town Council will consider the proposal outlined below at the September 22, 2022 Council meeting.

Republic Services will continue to serve the Town for both recycling and solid waste through September 30, 2025 under the following terms and conditions:

1. The contract term for both the recycling and solid waste agreements will be extended through September 30, 2025.
2. Pick up frequency for recycling will be one time per week and for solid waste, two times per week.
3. All pick up for both recycling and solid waste will be curbside.
4. After the end of a transition period (final date to be determined) there will be no further concierge service for either recycling or refuse.
5. Monthly rates are as follows:
  - Refuse \$29.34
  - Recycling \$14.70
6. All other terms and conditions of the existing agreements for recycling and solid waste will remain in full force and effect through September 30, 2025.

Concierge service will continue at the above rates through the transition period that is to be determined. The transition period will conclude when appropriate carts are distributed to all customers who require carts for curbside pick up. After the transition period, all customers will be required to place their carts curbside for pick up.

Please contact Town Manager James Harpring at [jharpring@irshores.com](mailto:jharpring@irshores.com) if you have any questions.
